a professional services firm that
implements, develops and supports
business software solutions

INTRODUCTION

SMC Enterprise is a professional services firm that implements, develops and supports business software solutions. With a track record dating back to 1999, SMC has successfully managed to plan, build and maintain numerous information technology systems for medium to large customers.

AN EMPOWERED TEAM

A fully empowered company; SMC Enterprise complies with the equity, procurement, staff and learnership components of the BEE charter. The staff compliment of over 40 information technology professionals consists of experienced individuals in their respective fields ranging from functional consulting to technical disciplines. Our senior consultants have extensive experience in developing and implementing systems for the top 100 South African corporations.

SMC ENTERPRISE

SYSTEMS MANAGEMENT CONSULTING

Our most **valuable** partners - our customers

We are proud to be associated with some of the top organisations in South Africa including:

City of Cape Town	Pioneer Foods
Chevron	Parliament of SA
De Beers	PetroSA
EDS	SITA
Engen Oil	Western Cape Local
Iserve	Government
Metrorail	Vodacom
Old Mutual	Ziton

BUSINESS PARTNERS

Our engagement model is founded on a philosophy of collaboration. To this end we actively partner with companies that share in this vision.

Esteemed partners range from large organisations like T-Systems, Accenture, EDS, and ERP.com to smaller specialised firms.

PLATFORM PARTNERS

Our platform partners signify our commitment to specific solution and platform focus areas. We have partnerships as follows:

AFFILIATES

- BITF – Black IT Forum
- CITI – Member of Cape IT Initiative
- WECBOF – Member of Western Cape Business Opportunities Forum
- BMF – Black Management Forum

MISSION

- Assist customers to improve their bottom-line through innovative use of ICT
- Empower, motivate and grow staff to participate in the economy
- Cultivate excellence and professionalism in specialist disciplines
- Generate wealth and asset base for stakeholders

We aim to be a leading supplier of **e-business solutions** on the African continent
