UNIQUE VALUE PROPOSITION

SharePointKonsult has specialist experience in the following disciplines.

■ Enterprise SharePoint Deployments

The SharePointKonsult team has deployed the technology to a number of large organisations of greater than 5000 users. Let them assist to plan your enterprise SharePoint deployment and take advantage of their superior skills.

■ Internet, Intranet and Extranet implementaion of SharePoint

Standardise your web assets on SharePoint; and let our team harness the platform to integrate your website, intranet and extranet seamlessly. SharePointKonsult will show you the way in consolidating your web platforms and content management processes. Eliminate complex content management processes by simply authoring from the Intranet, and with workflow approve content that is then published on the Internet website.

■ Custom Development

Our extended bouquet of Microsoft services at SMC includes a Microsoft custom development team, who can leverage your SharePoint investment even further if configuration does not solve your requirement.

■ Public Sector Experience

With its extensive experience in the public sector, SharePointKonsult has managed to gather significant information on the requirements and solutions of this vertical. The team can assist you to realise your information needs on the SharePoint platform and deliver value to stakeholders.
